

A dark-colored horse is captured in motion, running in a paddock. The horse is wearing a red halter. The background is blurred, showing a wooden fence and green grass. A semi-transparent, ghostly image of the horse's head is overlaid on the left side of the frame. The text 'HUCKS+ CONNECTION V' is printed in a gold, serif font across the middle of the image.

# YOUR CONNECTION TO THE INDUSTRY'S MOST GIFTED FOALS ...

With a pedigree of this magnitude in "trotting royalty," it is no wonder why the most renowned breeders of English Pleasure horses are choosing Hucks Connection V.

The industry's elite trainers of National Champions are taking note of these gifted foals who are showing all the show ring potential of their accredited sire.

## SIGNED, SEALED & DELIVERED BY: HUCKS CONNECTION V

"What I find to be particularly exciting about Hucks Connection V as a sire is his ability to pass on not only his athletic ability but his remarkable personality, his strong work ethic and unending energy and brightness. His foals are equally eager to go to work and show the same fluid motion and forward drive as their sire.

We had our first foals by Hucks Connection in South Africa this year and had to scramble to quarantine and collect enough semen to ship before their breeding season began, in order to fill all our requests for breedings. He will be a huge asset to a country where most Amateurs train and show their own horses, as his foals will be very manageable and at the same time all show and go when the gate opens."

"Hucks Connection V has always shown the qualities that trainers and breeders are looking for; bright profile, brilliant expression and extreme motion.

I have his son Connected to Huck, owned by Pam Harris, in training who displays these same qualities and is already a champion in English Pleasure his first year shown. He is going to be one to watch in 2010."  
~ Tish Kondas

"He is a very, very nice horse that has done extremely well in the show ring. I know with his pedigree, successes and athletic ability, he is definitely a stallion that can offer positive influences in our English horses. I have seen his foals, and they are everything you would want in a show horse."  
~ Carmelle Rooker
